**Sale of freshly
calved
1st & 2nd calvers**
Export tested

Online farm sale

Saturday 12th March at 11:30am

Auctioneer: Ballyjamesduff Mart

Foreword

Owing to the success of our on-farm clearance sale of 1st & 2nd ca Ivers last year, we have decided to hold it on farm again this year. We would like to thank everyone who made last year's sale a success. There were many great reports on last year's sale animals with the top priced cow almost yielding 9000 kgs of milk at 4% protein. The second highest priced cow sold to the Beechview herd in the North of Ireland produced 12287 Kgs of milk with 813 Kgs of combined Fat and Protein. Her Siemers Bloomfield daughter sells in this year's sale. Both cows have calved back again for their respective owners.

Our main focus through the years has been to produce a cow who will suit all systems and is trouble free. Particular focus has been placed on good type and a solid cow with good strength.

The sale features a number of outstanding 1st & 2nd calves, including 11 VG 2 year olds in the group now fresh on their second lactation with two of these @ 87 points, six @ 86 points, three of these scoring VG88 on Mammary. Also, three third calves, two scored VG88 and one @ 87 points whilst on their second lactation including a Max score udder (EX90).

A few special features are included in this year's sale. These include:

- The champion heifer in the Kerry Holsteins Friesian breeder's herds competition 2021 spring section. Backed by 12 Generations VG/EX. By the Semex sensation Val-Bisson Doorman, and scored VG87 2yr. She completed 853 kgs of milk solids as a heifer. She sells alongside her 2021 Maiden Heifer.
- A Mogul daughter who came 2nd in the Junior cow section of the herds competition. She is due the middle of March with her third calf. On her second lactation she classified VG88 with a Max score udder @ EX90.
- Stanton's Applicable daughter who classified VG87 with a VG88 Mammary on her first lactation and who completed 11858 kgs of milk with a whopping 935kgs of combined F+P (3.55 Protein, 4.34 Fat). There are a number of cows with generations of Proteins over 4% & EB l's to 220.

This year's sale will comprise of a mix of Holstein, British Friesian and 3 Pedigree Dairy Shorthorns, two of these have just started their 1st lactation and one is a maiden heifer ready to be served. Also featured is a selection of heifer calves and maiden heifers.

All animals are export tested, AI bred & full pedigree.

Sires include Applicable, D. Sol, Gregarious, Hurricane, Mogul, Montross, Pepper, Punch, Raphael, Real Seal, Rubicon, Shottle, Stanleycup, Titan & ZMA.

All animals are available for inspection prior to the sale by appointment.

Appointments can be made by phoning:

Notes

GENETIC DIVERSITY SUITABLE TO ALL DAIRY FARMING SYSTEMS!

**CLASSIFICATION/LINEAR SCORING
PROVIDES AN INDEPENDENT, UNBIASED
ANALYSIS OF COW CONFORMATION**

CONFORMATION ✓ INCREASES COW VALUE
CONFORMATION ✓ IMPROVE HERD QUALITY
CONFORMATION ✓ ENHANCES BREEDING AND
MARKETING DECISIONS

HOLSTEIN FRIESIANS ARE...

- **MOST EFFICIENT CONVERTERS OF FORAGE TO MILK SOLIDS**
- **BACKED BY RELIABLE SCIENTIFIC DATA**
- **GENETICALLY DIVERSE TO SUIT ALL DAIRY FARMING SYSTEMS**
